

Coffee Filter Butterflies

What You'll Need

Coffee filter
Spray bottle with water
Markers
Clothes pin
Pipe cleaners
Paper towels

1. Take the coffee filter and draw your design all over it with the markers.
2. Wet the coffee filter using a spray bottle and let it dry on a piece of paper towel.
3. When it is dry, scrunch up the filter by grasping it with your fingers and pinching the filter to the center from top to bottom.
4. Wrap a small piece of pipe cleaner around the center of the scrunched coffee filter to secure it.
5. Put the coffee filter on the clothes pin.
6. Wrap a small piece of pipe cleaner around the "head" of the butterfly to make antennae.
7. Draw a face on the clothes pin, and decorate the body of the butterfly.
8. Make sure to put your name and cabin number on your butterfly.
